TIBBY OLIVIER MANUFACTURER GUIDELINES

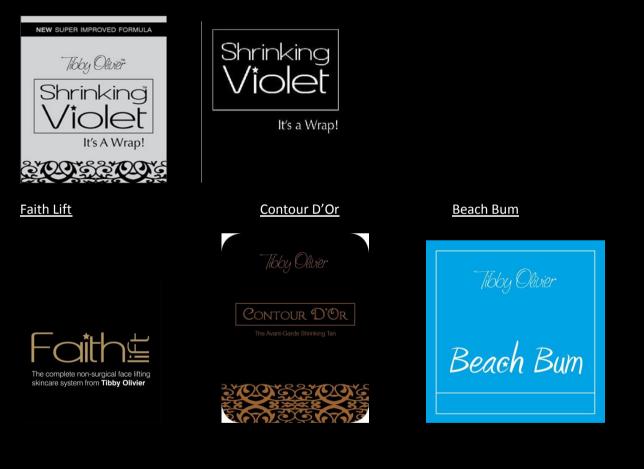

Now that you are a trained Tibby Olivier Therapist and have read and signed the Pledge, please take time to read through the following guidelines which will help you with our brand imagery and logo use.

It is very important we have a clear and consistent visual message which highlights the image of our Company and brands. This enables our customers and your clients to recognise us and what we do. All of our marketing reinforces both brand identity and a sign of a Tibby Olivier trained Therapist.

<u>Logos</u>

Shrinking Violet

The two logos below can be used. Our preference is logo 1 but logo 2 can be used if on a light background. Please do not use logo 1 if you are not yet using the new formula as this will deceive the client and the product labels will not match

Wording

Suggested wording when describing Shrinking Violet

This clinically proven, specially formulated, wrap provides you with a system to shape the client's body with immediate effect; this creates real inch–loss due to its specialist formulation which has, in its own making, raised the bar for the wrap industry

Our Independent Clinical Trials have proven, one treatment with Shrinking Violet can reduce body fat up to 2.5%

The active Ingredient has been used previously in fat jabs to reduce fat by injecting directly into fatty tissues

Our Independent Clinical Trials have shown a Shrinking Violet treatment helps reduce fat in those difficult areas such as thighs, bottom and hips etc

The treatment is non-invasive and pain free.
